Dear Billie and Lisa:

After 10 days in our new home we are still trying to pack 10 pounds into a 5 pound bag and trying to find places for various wall pictures. Our family has been wonderful in assisting and visiting.

It was a wonderful experience working with both of you and your help and guidance was great and profitable. Like everything in our present day, the complexity of each profession is overwhelming to an average layman. Your guidance and Lisa's response to my concerns was very welcome.

If we stray to visit, you will be in our list. Thank you for all your help.

Sincerely,

Alexander Ewanchuk
