It has been a pleasure working with you over the past 12 years. You invested countless hours and weekends assisting us, both in the purchase of our lake lot 11 years ago and with the sale of the same property this year.

You assisted us in learning about and utilizing the 1031 tax free exchange. What a tremendous savings to us. We would not have known about this service if not for you. Both Lesa and you assisted us with information and contacts for services such as underbrushing and permits.

Our thanks to you for a wonderful business adventure over the years and we consider you a friend as well. We will keep in touch and also not hesitate to give your name and number to anyone we know who needs assistance with lake property at Lake Hartwell.

Yours -
Chris Foti
