It has been a pleasure working with Billie. She has been a true professional from the day we met. We appreciated her helpful guidance and the fact that she didn't push us to commit to buying a new house when we needed more time. She was very knowledgeable and helped guide us towards purchasing a lot and the sale of our existing home.

Billie gave us efficiency and timely information when needed. We were fortunate to sell our house in 5 weeks, with negotiations taking place while we were out of town. Billie handled negotiations with efficiency in a very timely manner.

We highly recommend Billie Grimes. She has integrity and nurtures a good relationship with her clients.
