Dear Billie,

I just wanted to thank you for helping my wife and myself find our new home. Having moved here from Virginia, we knew no one we happened to wander into your office back in May. We had a bad experience with a real estate agent in Virginia and were not looking forward to looking for and buying another home.

Your knowledge of the area and your attention to detail was a most refreshing experience. Even though we didn't have an appointment, you sat down and within minutes presented us with a variety of housing options. The entire process was enjoyable.

Thanks again for helping us find just the right home. We recommend you to everyone we meet who is looking to purchase a new home or considering selling their existing home.

Best regards,

Richard & Cheryl Robinson
