Billie,

Thank you for helping me with my recent house buying transaction. At a time when I was under a lot of stress, no matter when I called you or what phone I called you on, you were always nice and answered my questions and I feel helped me in every way you could and also, always acted interested in my problems (Although I know you had a billion other things to do) All of this meant a lot to me and encouraged me.

This comes

especially for you
with warmest thanks to say

The memory
of your thoughtfulness
will last for many a day.

You're tops!
Thanks again!
Sincerely,
Don B Smith

A million thanks for
