We want to thank everyone at Remax who help us get through this process. We appreciated all of you.

My heart goes out to Billie who made us feel very comfortable and explained everything as the information we needed to get through it all.

I would recommend you to anyone who is selling or buying! You call so nice! Thank you for your patience and understanding and taking all the time we needed.

We love our new home and will be happy here I can't wait to stop working on it and enjoy it, but it will happen soon.

Thank You Again Billie & Remax
