Dear Billie,

8-16-07

I'm sorry we haven't answered sooner but there has been so much to do - moving to a state so far away has so much more than a local move.

We were delighted with the way you handled our house especially in such a tight market. We wish we could have gotten to know our "Meykba" better.

We could not be more delighted with the duplex our daughters picked out, it is perfectly lovely and much larger than we anticipated. We are in a real small town that has a grocery store, bank library some restaurants and even a furniture store and not too far from Sixty Falls.

Thanks again for all of your help. Also hope Carrie said to awfully happy about the "workings" of an old house.

Sincerely,
Muriel
